02:00 PM - 03:00 PM CST

info@umacha.org

Regulation E is a straightforward concept, yet the language can be complicated. Applying the regulation to each situation many times falls in a gray area. Guest speaker Diana Kern from SHAZAM will cut to the chase and discuss best practices for resolving errors and simplify the ways to determine liability. This session will cover what actions you might take to investigate, why "unauthorized" is more complicated than ever, how to manage claims outside of the reg's stated timeframe, and when it's okay to question the consumer's claim.

7100 Northland Circle

Brooklyn Park, MN 55428

08:30 AM - 04:30 PM CST

info@umacha.org

Join us in Brooklyn Park, Minnesota, for UMACHA's AAP Two-Day Review Workshop—an interactive, activity-based event designed to help you validate the knowledge you've gained throughout your AAP exam studies. This workshop is not only a great way to reinforce key concepts, but also an opportunity to engage with your peers, share insights, and boost your confidence heading into exam day.

While the exact agenda may vary, participants can expect activities focused on important topics such as:

Account validation methods

Disputes (including both Regulation E and Nacha Operating Rules obligations)

File formatting

Government ACH payments, including reclamations

Originator onboarding training

ACH Network participants

Reversals

Standard Entry Class (SEC) Codes

To keep things engaging, the workshop also includes fun trivia-based activities. While these sessions may spark a little healthy competition, the ultimate goal is to collaborate, reinforce your learning, and walk away feeling more prepared for the AAP exam.

In addition, attendees benefit from peer-to-peer learning as participants who have previously sat for the AAP exam share their experiences and lessons learned.

This workshop is also an excellent opportunity for existing Accredited ACH Professionals (AAPs) to earn continuing education credits and stay fresh on their knowledge of the Nacha Operating Rules.

UMACHA's AAP Two-Day Review Workshop is the perfect capstone to your exam preparation—or a valuable refresher for accredited professionals looking to maintain their expertise.

Navigating Payments Conference

The UMACHA Navigating Payments conference stands as our primary educational event, drawing in a significant number of participants. Featuring about 35 sessions led by national and regional industry experts, this conference offers a valuable platform for around 350 attendees each year. It is an excellent chance for participants to connect with vendors and exhibitors, delving into electronic payment solutions. Be ready to learn, interact, and most importantly, have fun! Don't forget to register early to ensure you get the best deal possible!

Pre-Conference Workshop Add-On

For 2026, UMACHA is offering attendees the option to add a half-day pre-conference workshop one day prior to the start of the conference (Tuesday, September 22 from 1-4pm CT). This in-person session will feature UMACHA-led discussion on the latest ACH fraud monitoring rules, along with a forward-looking overview of additional rule changes that have been approved but are not yet in effect. More than a lecture, this pre-conference workshop is designed to foster meaningful peer discussion and networking, giving you the opportunity to learn directly from your peers about how they are approaching fraud monitoring compliance—what's working well and where there may be opportunities to strengthen controls. Come prepared to share, learn, and engage with your peers as we dive into the conversation together.

Pricing with or without the pre-conference workshop can be found below.
